

Research

All printed and electronic media can be found via the catalogue:

<https://bib.zib.de/?plv=2>

However, you can also search for the holdings of the ZIB library in the union catalogue KOBV:

<https://portal.kobv.de/>

Classification System

The collection is arranged according to the MSC classification (mathematics) and the ACM classification (computer science). This means that you can immediately see on the shelf which books are available on a particular subject.

Self-lending and return

Each book contains a pink book card. Enter your name and the day's date here and place the card in the "Loan cards" box. This way the book is borrowed for you.

To return the book, place it in the "Book return" box.

Procurement of literature

Can't find a book in the catalogue? Is a PDF for an article not unlocked?

We try to provide you with the requested literature (journal articles, books, grey literature, etc.) as quickly as possible through interlibrary loan, document delivery or purchase.

Send us your wishes by e-mail, telephone or come and see us in person.

The library is open Tuesday to Thursday from 9 am to 3pm.

Electronic journals

The library has access to numerous electronic journals. They can be accessed from any computer within the ZIB network.

You can find out whether ZIB has access to the journal you are looking for via the [EZB](#) journal database.

In addition, the following databases can also be used:

[Zentralblatt MATH](#)
[ACM – Digital Library](#)
[SIAM Zeitschriften](#)
[Springer Zeitschriften](#)

OPUS – Publications

OPUS is the publication showcase of ZIB. It contains all publications by ZIB authors, the publishing house publications, as well as the preprint and post-print series ZIB Reports:

<https://opus4.kobv.de/opus4-zib>

More information in the Wiki under „[ZIB Publications in OPUS](#)“ or in person at the library.

The library of the Zuse Institute Berlin is primarily a service for ZIB staff, but it is also open to the public as a reference library. The stock is demand-oriented and offers mostly literature from the fields of mathematics and computer science.

The library offers a pleasant and quiet place to read and work. You will find it on the ground floor of the round building on the right-hand side.

How to reach us

Zuse-Institut Berlin (ZIB)
Takustraße 7
D-14195 Berlin

Tel. +49 30 841 85 - 233
Fax +49 30 841 85 - 125

E-Mail: bibliothek@zib.de
<https://www.zib.de/zib-library>

Opening hours:
Tuesday - Thursday 9 am - 3 pm
and on request
